

Airalo is the world's first eSIM store

We solve the pain of high roaming bills by giving you access to eSIMs (digital SIMs) for 200+ countries and regions worldwide. With an Airalo eSIM, you can download a digital data pack and connect to a mobile network as soon as you land. No surprise roaming fees or physical SIM cards — just easy, affordable, instant connectivity.

Here's how it works:

- Step 1:** Once you place your order, an Order Confirmation email with an Airmoney voucher code will be sent to you.
- Step 2:** Create an account on the Airalo website or app.
- Step 3:** Click Airmoney in the top right hand corner.
- Step 4:** Enter your voucher code in the Redeem Voucher field.
- Step 5:** Airmoney you can use to purchase an eSIM will be added to your account.
- Step 6:** Select your travel destination and eSIM package.
- Step 7:** Choose Airmoney as your payment method.
- Step 8:** Follow the set up instructions in the Airalo app and stay connected with your loved ones!

Please note:

- To use an eSIM, your device must be carrier-unlocked and eSIM-compatible.
- Please provide a valid email address at checkout.
- You will need a stable internet connection to install the eSIM. We recommend installing it before you travel so you can connect to a mobile network upon arrival.
- Please do not delete the eSIM once it has been installed.
- Do not enable roaming before turning on your eSIM line, as you may incur charges from your telco provider.
- If you experience connectivity issues, please restart your device and double-check that you're connected to a supported network.
- If the issue persists, please contact our 24/7 support team at support@airalo.com or chat with them live on the Airalo [website](#) or [app](#).
- Please reference the list below to see if your device supports eSIM technology. (Note that country and carrier-specific restrictions may apply.)*

eSIM-Compatible Devices

Do note that eSIM devices are **not only limited** to mobile phones.

The list below only features some of the many devices that are eSIM-compatible as new devices are constantly being released. For an updated version of the full list of devices that include laptops and tablets, please [visit this page](#).

Apple Devices:

iPhone 14 iPhone 14 Plus iPhone 14 Pro iPhone 14 Pro Max	iPhone 13 iPhone 13 Mini iPhone 13 Pro iPhone 13 Pro Max	iPhone 12 iPhone 12 Mini iPhone 12 Pro iPhone 12 Pro Max	iPhone 11 iPhone 11 Pro iPhone 11 Pro Max iPhone XS	iPhone XS Max iPhone XR iPhone SE (2020) iPhone SE (2022)	iPad Pro 11-inch (3rd generation) iPad Pro 11-inch (2nd generation)	iPad Pro 12.9-inch (3rd generation) iPad Pro 12.9-inch (3rd generation)	iPad Pro 12.9-inch (4th generation) iPad Pro 12.9-inch (5th generation)
---	---	---	--	--	--	--	--

- *The following Apple devices DO NOT have eSIM capability:
 - iPhone devices from Mainland China.
 - iPhone devices from Hong Kong and Macao (except for the iPhone 13 Mini, iPhone 12 Mini, iPhone SE 2020, and iPhone XS).
- *Only iPad devices with Wi-Fi + Cellular features are supported.

- *For iPhones and iPads purchased in TURKEY:
 - If you're setting up your device for the first time after June 23, 2020, your eSIM will activate after installation. Contact your carrier if you don't have eSIM enabled.
 - For devices set up before the above date, follow the steps in this link to activate your eSIM. The procedure may require you to erase your device's data - please make sure you back up your device beforehand.

Samsung Devices:

Galaxy A54 5G Galaxy S23 Galaxy S23+	Galaxy S23 Ultra Galaxy S22 5G Galaxy S22+ 5G	Galaxy S22 Ultra 5G Galaxy S21 5G* Galaxy S21+ 5G*	Galaxy S21 Ultra 5G* Galaxy S20* Galaxy S20+*	Galaxy Z Flip* Galaxy Z Flip3 5G Galaxy Z Flip 4*	Galaxy Z Fold Galaxy Z Fold 2* Galaxy Z Fold 3	Galaxy Z Fold 4* Galaxy Note 20 Galaxy Note 20 Ultra*
--	---	--	---	---	--	---
